

When I See U

Fantasia

I put your picture on my mirror
Start to blush when somebody says your name
In my stomach there's a pain
See you walk in my direction
I go the other way
I start to stutter when I speak
Start to stand but my knees go weak
What's happening to me?
In the dark, can you tell me what it means? I lay my head on my pillow
Staring out the window
Wish on a star for a sign
You're the reason why You're always on my mind
When you come around I get shy
When I see you (See you)
When I see you I never know when you might walk by
So I gotta be right on time
When I see you
When I see you I scribble x and O's in my notebook
Checking how my hair and my nails look
I feel myself in a zone
I get nervous when you call
So I say I'm not home
I see your face
And I hear my favorite song
Should I send an e-mail at home?
You're the number one topic on the phone
I wonder if you know or do you have a clue, yeah I lay my head on my pillow
You got me staring out the window
Wish on a star for a sign
What's the reason why, yeah yeah yeah You're always on my mind (You're always)
When you come around I get shy
When I see you (So sexy boy)
When I see you (You're sexy boy) I never know when you might walk by
So I gotta be right on time
When I see you
When I see you Something now is taking over me
Yeah, yeah, yeah, yeah, yeah
I'm not gonna run not
Just gonna stand here and see

Oh, oh, oh, yeah You're always on my mind (Hey baby)
When you come around I get shy
When I see you
When I see you (You're so sexy boy, you're so sexy boy) I never know when you might walk by (I don't know)
So I gotta be right on time
When I see you (But I get nervous around you)
When I see you You're always on my mind (You're always)
When you come around I get shy
When I see you (You, you, you)
When I see you (I love it, I love it) I never know when you might walk by
(Yes I love it boy)
So I gotta be right on time
When I see you
When I see you (For some reason I can't, I can't be around) Hey
I can't
Only when I see you
