

Vanished from the World

Nastrond

Legends of divine son fades
Delusions of the right in pain
Words of false domination
A sensation through suffering Martyrs icons be destroyed
The bleeding virtue lost in flames
Churches burnt and cathedrals crushed
Synagogues consumed to death, mosques blast Jesus Nazarius rex iudorum
The symbol of the impotent attached to the cross
Jesus Christ, vanished from the world (and law)
As the frigid words of heaven revealed
From the cocoon the new dawn arises
The first thought of man, broken away from the chain of slavery
By the blade of truth, Christ be murdered
The cross of bondage be smashed, leech of good lost
The lamb of holy relics slaughtered
Let the book of life be written in meaning for a first time
Who are born without blood?
The destroyer of savage (great) races
By the weak, feeble ideals of the right in poor misery we are murdered
King of slaves, lord of the true infectious lie,
Prince of feeble, master of guilt
