Tryna Be Your Man

Jagged Edge

Introducing J.E.
J.E.
I scooped her
In the streets, in the jeep
Looking real fresh and clean
I scooped her
Ask my peeps, she's a keeper
I keeps up with this girl
I'm not tryin' be your friend
I'm tryin' be your man
I'm not tryin' be your friend
I'm tryin' be your man
She can really, really move in them little, little
Short so tight, even your boy had to give a little
Said she wanted to hang with some real niggas
Have a little fun with my dawgs and even drink a little
She looked around quick then paused
Man her sexy face and said
"Maybe we should get a room for the night
'Cuz you're just what I like and it's yours if you like, c'mon"
If you want it baby
You can get it baby
Come home with me
It's satisfaction guaranteed tonight
I scooped her
In the streets, in the jeep
Looking real fresh and clean
I scooped her
Ask my peeps, she's a keeper
I keeps up with this girl
I'm not tryin' be your friend
I'm tryin' be your man
I'm not tryin' be your friend
I'm tryin' be your man
I just wanna get a room for the night
Show you the rumors you heard, they was right
I do, put it down in the bedroom love
Take you for a dip in a heart shaped tub
You on cloud nine, high like a dove

And I really, really wanna give you all this love
You got the socket girl, I got the plug
You know what's up
I met the sweetest girl, yeah, yeah
If you want it baby
You can get it baby
Come home with me
It's satisfaction guaranteed tonight
I scooped her
In the streets, in the jeep
Looking real fresh and clean
I scooped her
Ask my peeps, she's a keeper
I keeps up with this girl
I'm not tryin' be your friend
I'm tryin' be your man
I'm not tryin' be your friend
I'm tryin' be your man
Just friends, baby that's cool
But I'm tryin' be your man
So maybe that ain't all that cool
Come on back, I ain't no fool
Them lips and them thighs and that little, little
Don't stop when you're workin' the middle, middle
I can't let her go, gotta let her know
Can't be a better girl, gotta be your man
I scooped her
In the streets, in the jeep
Looking real fresh and clean
I scooped her
Ask my peeps, she's a keeper
I keeps up with this girl
I'm not tryin' be your friend
I'm tryin' be your man
I'm not tryin' be your friend
I'm tryin' be your man
