

Bonus Mosh, Pt. 2

Taking Back Sunday

So, scream I heard about your message
And how it reeked of your indifference
It bleeds horizontal straight from your wrist
(So scream louder now)I'm bound to come around about
(Bound to come around)
But can't you, can't you feel it rolling off your lips
Tensing up your shoulders, come on say it isWell, it's love
(It's love)
Make it hurt
(I deserve it)
Well, it's love
(It's love)Make it hurt
(I deserve it)
Well, it's love
It's love, it's love
Make it hurtI said I use the inconsistencies to undress the machine
You're the poster boy, their selling point
The focus for their new campaign
(Something has to be done)I'm bound to come around about
(Bound to come around)
Oh, can't you, can't you feel it rolling off your lips
Tensing up your shoulders, come onWell, it's love
(It's love)
Make it hurt
(I deserve it)
Well, it's love
(It's love)Make it hurt
(I deserve it)
Well, it's love
It's love, it's love
Make it hurtThe keys to the castle are right where I left them
The princess walked in just to take more attention
'Cause after all, well isn't that all that I've been after and
After all, well isn't that all that I'm after you're soNo way out
(I'll give up in you, I'll give up in you)
No way out
(I'll give up in you)No way out
(I'll give up in you, I'll give up in you)
No way out

(I'll give up in you)I wanted you for nothing more
Than hating you for what you were
If that's what you wanted to hear
(Well, if that's what you wanted to hear)I wanted you for nothing more
Than hating you for what you were
(Don't leave, leave)
If that's what you wanted to hear
(If that's what you wanted to hearI wanted you for nothing more
Than hating you for what you were
(Don't leave, leave)
If that's what you wanted to hear
(If that's what you wanted to hear(It's love, it's love)
I wanted you for nothing more
(Make it hurt, I deserve it)
Than hating you for what you were
(If that's what you wanted to hear)That's what you wanted to hear
(To hear)
If that's what you wanted to hear
(If that is how you'll let it burn)
