

# I'll Keep It with Mine

**Bob Dylan**

You will search, babe, at any cost  
But how long, babe, can you search for what is not lost?  
    Everybody will help you  
    Some people are very kind  
    But if I can save you any time  
        Come on, give it to me  
I'll keep it with mineI can't help it if you might think I am odd  
    If I say I'm not loving you not for what you are  
        But for what you're not  
        Everybody will help you  
    Discover what you set out to find  
        But if I can save you any time  
        Come on, give it to me  
I'll keep it with mineThe train leaves at half past ten  
    But it'll be back in the same old spot again  
        The conductor  
        He's still stuck on the line  
    And if I can save you any time  
        Come on, give it to me  
        I'll keep it with mine
