Pore

Ohgr

the creepy crack head friend of mine
the homeless place he calls his thought
the silly putty tinker toy
the mirror ball reflects below
the grazing herd the lemming goat
the move toward the moving from
the winter home upon the hill
the summer shade a caving in
the psychotronic talking box
the mainstream ninety-two percent
the laughing dying culture pop
the point of view the bleeding heart
the easily digested hurt
the famous moldy party hop
a fantasy the way it could
the shaping things a prostitute
a naked mix a magazine
a picture of us in a dreamultra/ULTRA get me in there
ultra/ULTRA get me out
