Heaven

El Debarge

I say what, I say what,
All the ladies in the house, I see.

I see things like heaven girl
Every time will be together girl, girl, girl.

Last night I saw an angel,
Opening the wings for me,
That girl has been here all alone,
My love for her was a secret,
And her love was new for me,
She knows every time she hears this song.

And I hear the voice of angel sing with me, she's all right,
That she's always there to beat me up with, all falls down,
And the love I had to give before his I heard now, I heard now.
Every time that I'm with you, it feels just like heaven,
Anytime I look at you, girl, it feels just like heaven,
If I could sunshine it through, baby, it feels just like heaven,
And I know that, I've been missing you, it feels just like heaven.

I've seen the light in your eyes, it feels like eternity,
And I'll be in hell if she ever leaves, don't leave me girl,
I'm blinded by her beauty, she shines like a,
And I'm not afraid to tell her, shares what she needs to me.

And I hear the voice of angel sing with me, she's all right,
That she's always there to beat me up with, all falls down,
And the love I had to give before his I heard now, I heard now.
Every time that I'm with you, it feels just like heaven,
Anytime I look at you, girl, it feels just like heaven,
If I could sunshine it through, baby, it feels just like heaven,
And I know that, I've been missing you, it feels just like heaven.

Heaven, heaven, heaven, heaven, heaven,
Heaven, heaven, heaven, heaven, heaven,
Heaven, heaven, heaven, heaven,
Just like heaven baby, it feels just like heaven.

Every time that I'm with you, it feels just like heaven,

Anytime I look at you, girl, it feels just like heaven,
If I can see the sunshine in to your eyes, baby, it feels just like heaven,
And I know that, I've been missing you, it feels just like heaven.

Every time that I'm with you, it feels just like heaven,
Anytime I look at you, girl, it feels just like heaven,
If I could sunshine it through, baby, it feels just like heaven,
And I know that..must been missing you, it feels just like heaven.

Oh, just like heaven, you and me, just like heaven, baby
Just wait and see, I'll you tight, baby, hey baby,
Hoo, yeah, ooh, yeah, yeah, just like heaven,
When I'm with you, girl, when I'm with you, when I'm with you.
