

Shake It (Ivy League Records)

[Steve Smyth](#)

Make it, break it
All the inhibitions cloned
let it catch you out
to fool the cruel final cast. Take it
Swill the quill of what's been told
hear the silence surround
swallow the bitter show. Burnin turning
I have seen it's shallow growth
It curled me inside out
to fear the void of your own voice.
Lately it echoes out it's call
ringing in sirens wild
down the hollow. Love is your life dancing Shake it, break it
all the guilt swelling in finger tips
with lies to design
send it back to where they first came.
Surely,
this time forgot the past
draws the line in sand
to drain the world to waste. Now, now.
Love is your life dancing. Love is your life dancing.
