

Troubles, Troubles, Troubles

B.B. King

Troubles, trouble, troubles
Troubles is all in the world I see
Troubles, trouble, troubles
Troubles is all in the world I see
Oh, sometimes I wonder
Wonder what is gonna become of me
When I wake up early in the mornin
Blues and troubles all around my bed
Oh, when I wake up early in the mornin
Blues and troubles all around my bed
Oh, I never will forget people
The last words I heard my baby said
She said, "Im leavin you in the mornin
B.B. and cryin wont make me stay"
She said, "Im leavin you in the mornin
B.B. and your cryin wont make me stay"
Ah, the more you cry, honey
The farther youre goin to drive me away
Oh, if you just got to go, baby
I hope you will come back one day
Oh yes, if you just got to go baby
Please come on back some day
Oh, but I never will forget, baby
Baby, the way we used to love and play
