Love Me

Courtney Jaye

Is there life without any fear?
I need more than just what I want to hear
But I won't be afraid of the dark
If you love me, always thinking of me
I know I must be blind
In my dreams when all of the flowers die
A little girl but she doesn't need to cry
If my dream doesn't last through the night
Could you love me? Always thinking of me
I know I must be blind
Love me
You know I'm good, I'll never behave
In the storm, I ride every wave
And I won't even look to the shore
If you love me, always thinking of me
I know I must be blind
Love me
