

# Good

## Hayley Reardon

You said you'd drive all the way 'cause you want to  
Not cause the drive don't bother you  
I just said thank you  
I watch you fold your neighbor's laundry  
Like you sewed it yourself  
Maybe I'll wonder why you want me  
When I'm still in my shell People do crazy things  
Try everything  
Just to be who they think the should  
But you, you do it 'cause you're good, good, good  
Don't let nobody tell you you aren't good  
You are good For everyone you meet you've got a question  
And you remember what everyone says  
I remember we were driving in West Lynn  
You were holding my hand to your head Chorus Even when you taste like you've been smoking something  
When you're hard to get ahold of  
Quick to say you might love  
Even if you don't love me I know you're good Chorus
