

Dance Upon Your Grave

The Brothers Comatose

When you're gone, it won't be long
I'll be there to put the nail in your coffin
Stars in the sky, ashes in your eyes
Every man must face the day he dies

Chorus:

I'm gonna dance upon your grave
Ain't no chance you'll be saved
I'll put my shovel to the ground and I'll dig six feet down to where you lay
I'm gonna dance upon, dance upon your grave

You done me wrong, I'm gonna make it right
Close your eyes and step into the night
When you're gone, it won't be long
Let the undertaker in me, I'll tell him what you have done

Chorus:

I'm gonna dance upon your grave
Ain't no chance you'll be saved
I'll put my shovel to the ground and I'll dig six feet down to where you lay
I'm gonna dance upon, dance upon your grave

Repeat Chorus:

I'm gonna dance upon your grave
Ain't no chance that you'll be saved
I'll put my shovel to the ground and I'll dig six feet down to where you lay
I'm gonna dance upon, dance upon your grave

I'm gonna dance upon, dance upon your grave
