What Have You Been

Corumn 80's

See,looking good on your feet,
But you, just a scum on the street,

Don't you dare to wrap with...
To this beat,
See your face on the mirror,...
(Decision) What you need?

[Chorus]
And you need to know what i mean,
And change! yourself,..
(Tell me) What have you be?

Stop the siliness on your head,
(Try)Give the right on your side,
Give up fight!

And you (Will) know yourself,
On your own..
Come back to our side,
Not to fright !
