

# You Can't Hide, You Can't Run (prod. by Evidence)

## Dilated Peoples

You can't hide, you can't run  
Remember to, always be true, no matter what you do  
Run it, I never fronted, I got my whole crew life on it  
Think sharp, man listen  
You can't hide, you can't run  
Remember to, always be true, no matter what you do  
Run it, I never fronted, I got my whole crew life on it Any day your last day might come so  
You can't hide, you can't run  
Late night or in the shadows when the daylight comes remember  
You can't hide, you can't run, man listen  
Any day your last day might come so  
You can't hide, you can't run  
From the truth, we know each and every day fights come, remember  
You can't hide, you can't run It's like it's Final Destination, you tryin your best to make it  
They say be patient but you know you're cheating death, it's chasing  
Heart beatin, pulse racin, but I keep the pace and  
Train to be the best and beat the best by the Gracie  
Grappler spectacular rapper sport of altercation  
In self-defense we hem em up, a tailored alteration  
We're firestarters, leaving stages up in flames  
Then again we're firefighters, spraying at whatever's blazing  
Crazy ways to express and pass information  
Daily making the best of bad situations  
We fight to win in whatever type of test we're facing  
Hip-hop came while they were underestimating  
Amazing grace how sweet the sound, that's what I was raised in  
But then the crack and gangs flourished under Ronald Reagan  
Life insurance for kids, undertakers waiting  
Earth is purgatory, here between the pearly gates and Satan Any day your last day might come so  
You can't hide, you can't run  
Late night or in the shadows when the daylight comes remember  
You can't hide, you can't run, man listen  
Any day your last day might come so  
You can't hide, you can't run  
From the truth, we know each and every day fights come, remember  
You can't hide, you can't run I stay relevant  
Only person I stand in the shadow of is Evidence  
Last page, I left off a good look  
This ain't the next chapter, it's a whole new book

About to steal the game, I'm a whole new crook  
Baking up that fire, I'm a whole new cook  
Get your whole shit took, Cali's back under the sun  
So you can't hide, and you can't run  
From the truth, some ain't convinced so they decide to try me  
Like I give a fuck, we live from India. Arie  
They got spies in cameras and trailers  
We see em setting up though we on counter-surveillance  
On to me, I'm on to you, it's no mystery  
Better think fast though, the future just your history  
It's where the plot thickens, regardless of wealth  
Cause the worst person to run from's yourself Any day your last day might come so  
You can't hide, you can't run  
Late night or in the shadows when the daylight comes remember  
You can't hide, you can't run, man listen  
Any day your last day might come so  
You can't hide, you can't run  
From the truth, we know each and every day fights come, remember  
You can't hide, you can't run
