

For You (iTunes Originals Version)

Barenaked Ladies

I have set aside everything I love
I have saved everything else for you
I cannot decide what this doubt's made of
Though I thought over it through and through In a book, in a box, high upon a shelf
In a locked and guarded vault
Are the things I keep only for myself
It's your fate but it's not your fault And for every useless reason I know
There's a reason not to care
If I hide myself wherever I go
Am I ever really there? There is no-where else I would rather be
But I can't just be right here
An enigma wrapped in a mystery
Or a fool consumed by fear And for every useless reason I know
There's a reason not to care
If I hide myself wherever I go
Am I ever really there? I will give you all I could ever give
Though it's less than you will need
Could you just forget, if you can't forgive
All the things I cannot concede And for every useless reason I know
There's a reason not to care
If I hide myself wherever I go
Am I ever really there?
