One Night

The Summer Set

Give me a break
Whatever that means
No one I know's more destructive than meLips dropping bombs
The apartment's on fire
We're all burnt out like the fifth of JulyI got friends in the back
Burning holes in their heads
Saying "This is the good life, wish we were dead"
No pointing fingers
There's no one to blame
It only takes one more warIt only takes one night to fuck up my life
I need one night to fix it all
It's one, one minute till midnight
I'm losing one friend after another
It's one foot in front of the other
It's one, one minute till midnightThat's it I'm tired of everyone spittin' in my face
I wanna fall in love for once
I want to find my place
This big city life ain't the fairytales I'm told
Get the hell out of Los Angeles
These people are too coldNow I'm sleepin' in my car
Burning holes in my head
Saying "This is the good life, wish I was dead"
No pointing fingers
There's no one to blame
It only takes one more warIt only takes one night to fuck up my life
I need one night to fix it all
It's one, one minute till midnight
I'm losing one friend after another
It's one foot in front of the other
It's one, one minute till midnightShine so bright
Swallow the sun
Fly too high
And die too young
(na na na na na)Shine so bright
Swallow the sun
Fly too high
And die too young
(na na na na na)Shine so bright
Swallow the sun

Fly too high
And die too young
(na na na na na)It only takes one night to fuck up my life
I need one night to fix it all
It's one, one minute till midnightI'm losing one friend after another
It's one foot in front of the other
It's one, one minute till midnightWoah woah woah
Woah woah woah
In front of the otherWoah woah woah
Woah woah woah
In front of the other
