Rocket Juice & The Moon

You said you wanted to see the ocean
Your body is fading and glowing in the dark
We had a dream of endless lightCan I tell you I'm crazy
Nothing matters to you, maybe
My empty shadows are fading
Time always swaysCan I tell you're crazy
Nothing matters to you, baby
My sands of memory are falling
Time always sways
Oh no, copy paste again, I'm always on the run forever
You lost your shadow in the water
Dance with me
I can find your name
Stay with meYou said you wanted to see the ocean
Long may we wave as endless light
