Red Hot Lover

Cee Lo Green

You know what I want
I want a red hot a-lover
I want a red hot a-lover
Lover
Please, please, please, oh
I'm up early in the morning
Love me, let me go
Uh, she didn't let me sleep at all last night
And I already want some mo'
I said uh, yeah, that's the way I like it
Sugar baby, can't you see
Big and bad and burning hot
Is all you'll ever have to be
I want a red hot a-lover
I want a red hot a-lover
Lover
Please, please, please, oh
Now when the woman know she want it
Her body's gonna tell you so
Ah, soaking wet and I ain't touched her yet
All that heat tamale so
I said uh, yeah, that's the way I like it
Wouldn't change it if I could
And baby because you took a chance on me
I promise I will fuck you good
I want a red hot a-lover
I want a red hot a-lover
Lover
Please, please, please, oh
I want a red hot a-lover
Lover
Please, please
They got a sound that's bad
Open up and let me say
She can get, whatever she want
Just save a little piece for me
I said uh, yeah, that's the way I like it
Wouldn't change it if I could
And baby because you took a chance on me

I promise I will get it good
