

# Someday My Prince Will Come

Bill Evans

Someday my prince will come  
Someday I'll find my love  
And how thrilling that moment will be  
When the prince of my dreams come to meHe'll whisper, 'I love you'  
And steal a kiss or two  
Though he's far away, I'll find my love some day  
Someday when my dreams come trueSomeday my prince will come  
Someday I'll find my love  
And how thrilling that moment will be  
When the prince of my dreams come to meHe'll whisper, 'I love you'  
Then he'll steal a kiss or two  
Though he's far away, I'll find my love some day  
Someday when my dreams come trueSomeday, yes, my prince, he's gonna come  
Someday
