Rainbow At Midnight (Re-Recorded In Stereo)

Ernest Tubb

After the war was over I was coming home to you
I saw a rainbow at midnight out on the ocean blue
The stars in heaven were shining the moon gave its light from above
I saw your face in this rainbow and it made me think of our love
We'll build our home in the country and make all our dreams come true
There we will make a heaven sweetheart just for we two[Steel]Here we will live so happy and have a baby or two
We'll name them after the rainbow because it reminds me of you
After this life is over and our journey here is through
We'll move to the land of the rainbow and live in the stary blue
