Am I Inside

Alice In Chains

Loneliness it shadows me Quicker than darkness Crawls to the surface of my skin Visibly surrounded by itBlack is all I feel So this is how it feels to be freeSurrounded by empty souls Artificial courage used And because so, once was mine I walk this maze aloneBlack is all I feel So this is how it feels to be freeMan's beside himself Man's below himself Man's behind himself And am I inside myself? Chaos and hate shadow me Pain it fills me up Only one thing makes me feel Missing better half of meBlack is all I feel So this is how it feels to be freeMan's beside himself Man's below himself Man's behind himself Am I inside myself?
