Lovin' Me

Jonathan McReynolds

(Verse 1)
Now I'm nowhere close to a perfect man
And it takes a supernatural love to even understand
That beyond the walls behind, the mask and confident smile,
Was a broken man trying to grow up and make life worthwhile,

(Chorus 1)
And I know there were times that you probably Shouldn't,
But I thank you for always Lovin' me
And I know anyone else they probably wouldn't,
So I thank you for always Lovin' me

(Verse 2)
Now I know there were days I looked at myself,
I felt like less of a person compared to everyone else,
What about this flaw to big to small, can I exchange?
And trying to make-up for where I fell short, I let sense slip away

(Chorus 2)
And when I look in the mirror and don't like what I see
Oh, I just thank you for always lovin' me.
And I know I get bad but you wait patiently
I just want to thank you for always Lovin' me.

Lord I just thank you for always lovin' me.2x

(Bridge)
So you just keep Lovin me (Lovin' me)4x

Though I know I don't have everything that it takes
you keep Lovin me(Lovin' me)
And regardless of every mistake that I make, you keep(Lovin' me)
And it probably don't matter what I do or say, you keep(Lovin' me)
And even with the pimples on my face, you keep(Lovin' me)

So you just keep Lovin' me
Lord I thank you for lovin me (lovin me)
Lord I thank you for Lovin me (Lovin me)
This little imperfect man

Lord I Thank You for always Lovin me!

And when my friends walked away,
Lord I want to thank you for lovin me
When my own family wrote me off, Lord I thank you for lovin me
And when I can't even love myself, Lord I thank you for just lovin me
Oh, Inspite of me, Lord you keep lovin me
Lord I thank you for always lovin me
