

# Never Let a Chance Go By

Climie Fisher

So many lonely people  
Who only have themselves to blame  
So many broken-hearted  
Who get a chance but throw it away  
Out of my window I see a picture  
It's a different view  
Out of my window, something so good is  
Something that you hold on to  
I'll never, never let a chance go by  
So many wounded soldiers  
Who still don't know the value of life  
Their war is never over  
They never win or lose they just survive  
Out of my window, I see a picture  
It's a different view  
Out of my window, something so good is  
Something that you hold on to  
I'll never, never let a chance go by  
I'll never, never let a chance go by  
So many lonely people  
Who only have themselves to blame  
So stay with me, you won't be sorry  
There's nothing to lose, everything to gain  
Out of my window I see a picture  
It's a different view  
Out of my window, something so good is  
Something that you hold on to  
Out of my window I see a future  
Maybe that's the reason why  
I'll never, never let a chance go by, oh  
I'll never, never let a chance go by, oh  
I'll never, never let a chance go by  
I'll never, never let a chance go by, oh-oh  
I'll never, never let a chance go by
