

# Misty's Nightmares 1 & 2

## Father John Misty

No crickets, no creatures are a stirring  
On the last night of the Chinese year  
I need a warm hand over the water  
Ever since I lost mine the fireworks disaster Now they look wide awake  
Gonna take my life  
Gonna take my life back one day Now I'm watching you changing the mirror  
And I'm unable to move  
When all my girlfriends appear in the doorway  
I don't know how they got here  
I don't know what to say about this And they all go that way  
Gonna take my life  
Gonna take my life back one day
