

# Looking for Astronauts

## The National

We're out looking for astronauts

Looking for astronauts

We're out looking for astronauts

Looking for astronauts It's a little too late, too late, too late for this

Isn't it a little too late for this?

Little too late, too late for this

Isn't it a little too late for this? You know you have a permanent piece  
Of my medium-sized American heart We're out looking for astronauts

Looking for astronauts

We're out looking for astronauts

Looking for astronauts Are we gone?

Come on yeah, we know we're gone

Bye bye bye

Bye bye bye, we know we're gone Take all your reasons and take them away  
To the middle of nowhere, and on your way home

Throw from your window

Your record collection They all run together and never make sense

But that's how we like it, and that's all we want

Something to cry for

And something to hunt Are we gone?

Come on yeah, we know we're gone

Bye bye bye

Bye bye bye, we know we're gone We're out looking for astronauts

Looking for astronauts

We're out looking for astronauts

Looking for astronauts It's a little too late, too late, too late for this

Isn't it a little too late for this?

Little too late, too late for this

Isn't it a little too late for this? You know you have a permanent piece  
Of my medium-sized American heart So don't wear the watch

When you're out with the cunts

You can break what you have

But the rest of it's mine Take all your reasons and take them away

To the middle of nowhere, and on your way home

Throw from your window

Your record collection They all run together and never make sense

But that's how we like it, and that's all we want

Something to cry for

And something to hunt
