One and one, were having some fun
In the bedroom all day and all of the night
Two and two, I took off my shoes
In the bedroom all day and all of the nightThree and three, she undressed me
In the bedroom all day and all of the night
Four and four, we fucked on the floor
In the bedroom all day and all of the nightFive and five, I put up her thighs
In the bedroom all day and all of the night
Six and six, the bitch sucked my dick
In the bedroom all day and all of the nightSeven and seven, we went to heaven
In the bedroom all day and all of the night
Eight and eight, she masturbated
In the bedroom all day and all of the nightNine and nine, she licked my ass
In the bedroom all day and all of the night
Ten and ten, the bitch did it again
In the bedroom all day and all of the nightGet off my ass, bitch
Get your face out my ass, motherfucker
Haa, but it, but it, but it hurts so good
Haa, get laid, get fuckedHaaaaaa, but it, but it, but it hurts so good
Haaaaaa, but it, but it, but it hurts so good
Haaaaaa, but it, but it, but it hurts so good
Haaaaaa, but it, but it, but it hurts so good
