plastic smile

Perfume

All I'm after is belief
All you're showing me is teeth
You've been staring at me for a long while
All I'm after is belief
All you're showing me is teeth
All I'm seeing is your plastic smile
All I'm after is belief
All you're showing me is teeth
You've been staring at me for a long while
All I'm after is belief
All you're showing me is teeth
All I'm seeing is your plastic smile
All I'm seeing is your plastic smile (4x)
All I'm after is belief
All you're showing me is teeth
All I'm seeing is your plastic smile
Plastic (plastic) smile
All I'm seeing is your plastic smile
You've got a little bit drastic

Well you're smile gone far too plastic
If you flashing a little grin when your friends walk in
They might just say you smashed it
Better being sarcastic cuz to be fantastic
All you've gotta do really end of the room
Start shit like a matchstick crowd goes
All I'm seeing is your plastic smile (4x)
All I'm seeing is your plastic smile
You've been staring at me for a long while
All you're showing me is
All I'm seeing is your plastic smile
Plastic (plastic) smile
All I'm seeing is your plastic smile
Well your smile gone far too plastic
They might just say you smashed it
Cuz to be fantastic
All you gotta do really end of the room
Start shit like a matchstick crowd goes
