

# After the Cutting

## Autopsy

Steel, Crimson stained  
Blood has been drained  
    pain is no more  
dead is your brainTwist of the knife  
    Cut short your life  
dread fills my eyesRejoice in the Cutting  
    Rejoice in the cutting, and ripping and flaying  
    and shredding and tearing and rending and slaying  
    and screaming and bleeding and slashing and crying  
    and slicing and pleading and gashing and dying  
    Reap of veins sprayed on the wall  
    Horrific wounds, the graveyard calls  
    Red stalactites slowly drip  
From head to toe your skin's been strippedMortal wounds blooming wet  
    The work of the thirsty blade  
After the cutting my eyes see death  
    Layers of meat peeled away  
    I didn't mean to cut so much  
    My knife it told me what to do  
    The darkness came and took my mind  
    Now all I see are clotting pools
