

The Essence of Conviction

Evergrey

[Music: Englund/Danhage/Ekdahl, Lyrics: Englund] Her gentle hand in his

Revelation serves as bliss

They walk away from sunshine

Led to believe the lie

His lust for untouched youth

A well kept secret sealed

His every night confession

Reveals the most profane obsession Their trust is won and fate is conquered

The essence of conviction Why me?

I did no wrong

I did not know

You lied to me

I meant no harm

And I am blaming me
