Good Morning Sunshine

Alex Day

Good morning sunshine, I hope that you're well
Honey I missed you, last night when night fell
You should know, sunshine, you brighten my day
The world gets so dark, love, when you go away
They say absence makes the heart grow fonder
But I can't help but wonder
If the darkness came tomorrow,
Could I keep you in my mind?
Where you rise i'll gladly follow
Just for the chance
To stand in your light
Good morning sunshine, I'm glad you're still here
My darling it's hard when my friends can't be near
Till I can be there to show them I'm true
I hope what they're seeing is as bright as you
They say absence makes the heart grow fonder
But I can't help but wonder
If the darkness came tomorrow,
Could I keep you in my mind?
Where you rise i'll gladly follow
Just for the chance
To stand in your light

If the darkness came tomorrow,
Could I keep you in my mind?
Where you rise i'll gladly follow
Just for the chance
To stand in your light
Just one more chance
To stand in your light
Good morning sunshine, I wish for your heart
There's no point pretending that you won't burn out
But you're still a symbol to all that you meet
'Coz you keep on shining, you're extraordinary
If the darkness came tomorrow,
Could I keep you in my mind?
Where you rise i'll gladly follow
Just for the chance
To stand in your light

If the darkness came tomorrow,
Could I keep you in my mind?
Where you rise i'll gladly follow
Just for the chance
To stand in your light
Good morning sunshine!
