

# Good Morning Sunshine

Alex Day

Good morning sunshine, I hope that you're well  
Honey I missed you, last night when night fell  
You should know, sunshine, you brighten my day  
The world gets so dark, love, when you go away  
They say absence makes the heart grow fonder

But I can't help but wonder  
If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise i'll gladly follow

Just for the chance  
To stand in your light

Good morning sunshine, I'm glad you're still here  
My darling it's hard when my friends can't be near  
Till I can be there to show them I'm true

I hope what they're seeing is as bright as you  
They say absence makes the heart grow fonder

But I can't help but wonder  
If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise i'll gladly follow

Just for the chance  
To stand in your light

If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise i'll gladly follow

Just for the chance  
To stand in your light  
Just one more chance  
To stand in your light

Good morning sunshine, I wish for your heart  
There's no point pretending that you won't burn out

But you're still a symbol to all that you meet  
'Coz you keep on shining, you're extraordinary

If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise i'll gladly follow

Just for the chance  
To stand in your light

If the darkness came tomorrow,  
Could I keep you in my mind?  
Where you rise i'll gladly follow  
Just for the chance  
To stand in your light  
Good morning sunshine!
