

# Never Saw Blue

[Hayley Westenra](#)

Today we took a walk up the street, we picked a flower  
Climbed a hill above the lake  
And secret thoughts, you said aloud  
We watched the faces in the clouds  
Until the clouds have blown away  
Were we ever somewhere else you know, it's hard to say I never saw blue like that before  
Across the sky, around the world  
You're giving me all you have and more  
And no one else has ever shown me how  
To see the world the way I see it now, oh I  
I never saw blue like that I can't believe  
A month ago I was alone  
I didn't know you, I've never seen you, or heard your name  
And even now, I'm so amazed it's like a dream  
It's like a rainbow, it's like the rain  
Some things are the way they are and words just can't explain I never saw blue like that before  
Across the sky, around the world  
You're giving me all you have and more  
And no one else has ever shown me how  
To see the world the way I see it now, oh I  
I never saw blue like that before It feels like now, it feels always  
And it feels like coming home I never saw blue like that before  
Across the sky, around the world  
You're giving me all you have and more  
And no one else has ever shown me how  
To see the world the way I see it now, oh I  
I never saw blue like that before  
Oh, oh I  
I never saw blue like that
