

Another Hero Lost

Shadows Fall

I'll never leave you
But fate has come to silence me
Darkness is all that I see
I cannot reach you
And soon the earth will cover me
It's become so hard to breathe

Forever? is waiting
The final steps your taking
Will soon be buried in the sands

All of the battles
They say we won
They leave another 1000 lives undone
Another 1000 lives undone

Forever? is waiting
The final steps you're taking
Will soon be buried in the sands

You're gone but not forgot
Another Hero Lost
The sorrow builds with every passing
All the lessons that you taught
And all the life you brought
Lives on in the eyes of your son

[Guitar Solo]

Forever? Is waiting
The final steps you're taking
Will soon be buried in the sands

You're gone but not forgot
Another Hero Lost
The sorrow builds with every passing
All the lessons that you taught
And all the life you brought
Lives on in the eyes of your son.
