

# Kingdom Come

## Raury

There's people lying  
Children crying  
Wonder why this earth is dying  
Yeah she's dying, yeah  
There is preachers sinning  
Evil women, tons of (?)  
World is ending, world is ending, yeah  
The kings descending  
Breezes winding, crowds (?)  
Armageddon yeah  
Don't be surprised  
But be aware of how you lived  
And who you are  
And most of all where  
Oh, whereWhere you are  
When kingdom calls  
Where you are  
When kingdom callsI seen the news and seen the lies  
They kill our kind  
The system's blind, the system's blind yeah  
So peel your eyes, don't close your mind  
Cause human kind must grow (?)  
There's truth and lies in death and life  
The masses cry, but heaven smiles, always  
The trees they grow  
The leaves belong to mother nature  
Not to man's legalizing, yeahIf you live life  
And live so high  
Then why, oh why  
Not keep in mindWhere you are  
When kingdom calls  
Where you are  
When kingdom callsWhere you are  
When kingdom calls  
Where you are  
When kingdom calls
