Because of Me

Seether

YeahHere she comes again, she's feeling like she's already won
I believe it's gonna end again, all for naught
My philosophy is things are just as wrong as they seem
I believe it's gonna end this way, atrocityDo you believe in love like I believe in pain
Nobody died for you, somebody pray for meWhen you see me cut me down
And I will force it underground
There's no one left to hurt but me
And it's because of me, right?There he walks away, he's feeling like he's having them on
I believe he's gonna bend again and all for no
My philosophy is things are just as wrong as they seem
I've gotta get you off of my mind, in oddityDo you believe in love like I believe in pain
Nobody died for you, somebody pray for meWhen you see me cut me down
And I will force it underground
There's no one left to hurt but me
And it's because of me, right?I want to see you suffer, sufferWhen you see me cut me down
And I will force it underground
There's no one left to hurt but me
And it's because of me, right?When you see me cut me down
And when you see me cut me down
And when you see me cut me down
And it's because of me, suffer
