

# Listen Dear

## The Coronas

Verse :

Listen dear theres so much to say,  
a thousand words couldn't help me explain  
i know your scared it won't be the same  
i promise you i'll always remain  
the best of me is seen by your side  
best of you i just cannot decide  
you seen the world such a traveller at heart  
a thousand miles couldn't tear us apart

Chorus :

So please dont go  
my heart grows strong  
after the thought your out of sight but never off my mind  
and now i know the heart is strong  
i was just watching you go (x3)

Verse :

Listen dear please let me explain  
theres so much wrong but theres no one to blame  
i find it hard that we left it so well  
its just a break not an end in timeeeee  
im so niave that i tought i'd be fine  
but coming home aint ones time  
and as they said it would make you so strong  
but just a day is a day to long

Chorus :

So please dont go  
my heart grows strong  
after the tought your out of sight but never off my mind  
and now i know the heart is strong  
i was just watching you go (x3)

Instrumental accompaniment

Slows down :

so please don't go  
my heart grows strong  
after the thought

your out of sight  
but never off my mind  
and now i know the heart is strong  
i was just watching you go (x3) ( repeat chorus)
