

In My Dreams

Lionel Richie

My love I often think of you, endless always is my love for you
just the thought of you calling my name
and I'm on my way So many days I sit and think back, of all the things I take back
if I had a wish it would be that, I'd be there for you I think of you everyday, I see your love so far away
and then you turn and hear me say
that I will love you always (CHORUS)
In my dreams you must be a fantasy
cause you're always in my dreams
My love I know you're the one for me
inside your heart is where I want to be
I know some time has passed us by
and I'm still here and I still care All that I dream of I wanna share with you
there's no life if I'm not living it with you
you might be far away, but in my heart you'll always stay
getting closer everyday (CHORUS)
In my dreams you must be a fantasy
cause you're always in my dreams Once there was a magic in the air, and once you were all I ever cared about
and once we had everything it seemed
but now we know love won't let go
it's always been there, always in my dreams
(CHORUS)
In my dreams you must be a fantasy
cause you're always in my dreams
always in my dreams.
