

Tunnel Vision (Ricky Vaughn Rework)

Justin Timberlake

I know you like it Don't know why, but girl, I'm feeling close to you
Maybe is this ocean view, I'm so emotional
And all these stars been dancing on my head
Too long, too long, too long
I wrote a song for you, I wanna sing to you
But every time I'm close to you
The words wanna come out, but I forget
It's so strong, it's so strong, it's so strong Didn't I seem like I'm catching something
That's because it's true
I can't deny it, I won't try it
But I think that you know
I look around and everything I see is beautiful
Cause all I see is you
And I can't deny it, and I stand by you
And I won't hide it anymore A crowded room anywhere
A million people around all I see is you
And everything just disappears, disappears, disappears, disappears
Yeah, a million people in a crowded room
But my camera lenses only been set to zoom
And it all becomes so clear, comes so clear, becomes so clear I got that tunnel vision for you
I got that tunnel vision for you
I got, I got that tunnel vision for you
I got, I got that tunnel vision
I only see you
I got that tunnel vision for you
I got, I got that tunnel vision for you
I got, I got that tunnel vision for you
I got that tunnel vision
I only see you Now that I know the truth, what am I suppose to do?
Changing up and breaking all my rules ever since we met
I'm so gone, I'm so gone, I'm so gone
Just like the movie shoot, I'm zooming in on you
Everything is extra in the background, just fades into the set
As we ride off in the sun Didn't I seem like I'm catching something
That's because it's true
I can't deny it, I won't try it
But I think that you know
I look around and everything I see is beautiful
Cause all I see is you

And I can't deny it, and I stand by you
And I won't hide it anymore A crowded room anywhere
A million people around all I see is you
And everything just disappears, disappears, disappears, disappears
Yeah, a million people in a crowded room
But my camera lenses only been set to zoom
And it all becomes so clear, comes so clear, becomes so clear I got that tunnel vision for you
I got that tunnel vision for you
I got, I got that tunnel vision for you
I got, I got that tunnel vision
I only see you
I got that tunnel vision for you
I got that tunnel vision for you
I got, I got that tunnel vision for you
I got that tunnel vision
I only see you Zoom, zoom, zoom
Zoom, zoom, zoom
In on you, in, in on you
I only see you
Zoom, zoom, zoom
Zoom, zoom, zoom
In on you, in, in on you
I only see you! I know you like it A crowded room anywhere
A million people around all I see is you
And everything just disappears, disappears, disappears, disappears
Yeah, a million people in a crowded room
But my camera lenses only been set to zoom
And it all becomes so clear, comes so clear, becomes so clear I got that tunnel vision for you
I got that tunnel vision for you
I got, I got that tunnel vision for you
I got, I got that tunnel vision
I only see you
I got that tunnel vision for you
I got that tunnel vision for you
I got, I got that tunnel vision for you
I got that tunnel vision
I only see you I know you like it I only see you
