

As Long As Harley Gets to Play

Steve Azar

Down in Stoneville, Mississippi
You can sure have fun
Harley Walker's got a fiddle
And Harley's brother's got a gun
All the neighbors start to gather
When the band cranks up
It's like the Grand Old Opry
On a flatbed truck
You got the Walker family
Scattered all over the place
But everything'll be okay
As long as Harley gets to play
Ice cold watermelon
Chicken, southern fried
The whole trailer part is rockin'
Like it's the fourth of July
Oh, the band can feel the tension
Building in the crowd
Brother Walker's gettin' restless
Oh, for cryin' out loud
The Walker family's movin'
Up close to the stage
But everything'll be okay
As long as Harley gets to play
Everybody's gettin' quiet
Somethin's gotta give
Has that band gone crazy?
Why don't they get it over with?
Let 'em dedicate it
To all the Walker girls
It's just the orange blossom special
It ain't the end of the world
You'll see the whole Walker family
With a smile on their face
And everything'll be okay
As long as Harley gets to play
Down in Stoneville, Mississippi
You can sure have fun
Harley Walker's got a fiddle
And Harley's brother's got a gun
