Olde Tyme Waves

Elf Power

sitting around
watching you fall
from off that daisy
tra la la la
you drift away
to enter the woods so greenhow did you know I see you
how did you know I feel those rays
trailing under the starshine
I never knew that you'd be awarethat I'd wake up and feel my spine
that I'd jump up and make the climb
into the warmth of the sunshine
to reveal your olde tyme wavessitting around
watching you crawl
beneath those tulips
tra la la la
you slip away
towards the woods so blueit took a thousand light years
for you to drift down into my eye
all I saw was blackness
till you came down into my mindlooking high into the sky
your constellation shines so bright
raining from the heavens to my rooftop
I feel your olde tyme wavesyour olde tyme waves
your olde tyme waves
your olde tyme waves
