

# Makin' Me Crazy

## Tommy Lee

Seasons change  
And you remain to find me here  
A parting gift  
You woke me to how I can feel  
Cause its in your hands I heal  
Where the hell you been?  
Wish I'd met you then Let you in  
Lovers Start as friends hope this never ends  
Lets begin  
Ohh yeah yeah  
Lets begin  
Where the hell you been?  
Wish I'd met you then Let you in  
Lovers Start as friends hope this never ends  
Lets begin  
Ohh yeah yeah  
Lets begin  
So say the words  
Say the words I want to hear  
Oh yeah  
Cause I've the faith  
Even if my bloods unclear  
I've no more desire to fear  
Where the hell you been?  
Wish I'd met you then Let you in  
Lovers Start as friends hope this never ends  
Lets begin  
Ohh yeah yeah  
Lets begin  
Where the hell you been?  
Wish I'd met you then Let you in  
Lovers Start as friends hope this never ends  
Lets begin  
Ohh yeah yeah  
Lets begin  
I love it when you say and maybe  
I love it when you make me crazy  
I love it when you say and maybe

I love it when you make me crazy  
Where the hell you been?  
Wish I'd met you then Let you in  
Lovers Start as friends hope this never ends  
    Lets begin  
    Ohh yeah yeah  
    Lets begin  
    Where the hell you been?  
    Wish I'd met you then Let you in  
    Lovers Start as friends hope this never ends  
    Lets begin  
    Ohh yeah yeah  
    Lets begin  
I love it when you say and maybe  
I love it when you make me crazy  
I love it when you say and maybe  
I love it when you make me crazy
