

All Sparks

BBC Radio 1 Live Lounge

You're answering questions that have not yet been asked

All sparks will burn out in the end

You burn like a bouncing cigarette on the road

All sparks will burn out in the end

All sparks will burn out

All sparks will burn out

All sparks will burn out

In the end

You're casting opinions at people who need them

All sparks will burn out in the end

Well be careful Angel, this life is just too long

All sparks will burn out in the end

All sparks will burn out

All sparks will burn out

All sparks will burn out

In the end

You burn like

a bouncing

cigarette

All sparks will burn out

All sparks will burn out

All sparks will burn out

All sparks will burn out

All sparks will burn out

All sparks will burn out

All sparks will burn out

All sparks will burn out

In the end
