Nothing but the Silence

Striking Matches

There's nothing but the silence in between us
That hasn't already been broken
The only sound are two strangers now
Only coming and going
To save our breath and walk away
And leave the rest unspoken
There's nothing but the silence in between us
That hasn't already been brokenRemember those times, remember midnights
I lived to hear your laughter
Somewhere along the way they fade
Like they never happened
It breaks me down to wonder how
Moments like that get stolen
There's nothing but the silence in between us
That hasn't already been broken
There's nothing but the silence in between us
That hasn't already been broken
And ooh, We break it tonight
I said ooh, can we break it tonight?
I said ooh, can we give it one more try?
I said ooh, We break it tonight
Can we break it tonight?There's nothing but the silence in between us
That hasn't already been broken
Is it too late to stop this train?
Are the wheels already in motion?
Maybe it's wrong, maybe it's right
There's a lonely feeling growing
There's nothing but the silence in between us
That hasn't already been brokenAnd ooh, We break it tonight
I said ooh, We break it tonight
I said ooh, do we give it one more try?
I said ooh, can we break it tonight?
There's nothing but the silence in between us
That hasn't already been broken (4xs)And oh, Can we break it tonight?
I said oh, Can we break it tonight?
I said oh ooh, Can we give it one more try?
I said oh, can we break it tonight?
Can we break it tonight?
