

Wrath of My Madness

Queen Latifah

Advisory - the following lyrics contain explicit language:

My mellow Latee was kicking flavor
The R.E. posse said, "Yo Latifah we can do this"
So I paused in the thought and in my brilliance I caught
And I agreed because I already knew this Now you should want to flex 'cause I'm in full effect
Queen Latifah is five-oh on this set
You've been begging and dying for somebody's rhyming to set you free
For God so loved the world He gave to me I'm coolin' teaching those needing schoolin'
The mic, this mic in my hand, I'm rulin'
So prepare your mind for my lifeline
And meet the new Queen of Royal Badness Latifah has the spirit so head for the water
And dive into the wrath of my madness Cost of living getting higher
'Cause them to rhyme our way
Queen Latifah getting higher
'Cause her to rhyme our way Some MC's have gold and African vein
And using each other to compete with
Their subjects I pity because their rhymes are not witty like mine
To write a rhyme so delicious you can eat it There are those who like my taste, but don't consider biting
There's penalties for those who don't do writing, just be reciting
Everyone else's word that took a lot of thinking
It's not my fault your thoughts are shrinking While mine are growing, yes, you know like all the woman inside
of me
Despite what you do or say and even in spite of me
Brothers, catch my eye with little hijinks like eye winks
Dying to have a lover of my likeness So release all your shyness, call me 'Your Highness'
And dare to feel the wrath of my madness Cost of living getting higher
'Cause them to rhyme our way
Queen Latifah getting higher
'Cause her to rhyme our way Word of mouth is always everlasting
And everlasting are the words that I bring
The ruler of the ring is Lord Ramsey
And music is made by Mark the 45 King You tremble for my treble, you're begging for the bass
The voice is too vicious, the same as the pace

The crowds, they love me, they give only hugs
The shrinked-to-fit button flies fit quite snug As a bug, you know why? Because I'm bugging
Of the beats that DJ Mark is loving
So plex on the sounds that I'm pumping
I'm jumping with the energy to turn your mind to gladness Come on, just get into it, don't lie and say you've
been through it
Feel the wrath of my madness Cost of living getting higher
'Cause them to rhyme our way
Queen Latifah getting higher
'Cause her to rhyme our way The scene is mine, 'cause I took it
I took it for the money and I took it for the fun
Don't step up in my face, you don't want to feel the taste
Don't try and play me out 'cause I am not the one Brothers on my bra strap, sisters clocking my sound, why?
Because they wanna be down with the
Queen L A T I F A H in command
I supply the concept for you to understand For those who want to bite, don't make me have to fuss
The only thing you get is the glutenous maximus
Suckers on the tip, you're loving me, you're leaving me
You wish that one day you could have this Come on, you know the time, just be thankful for the rhyme
And get up on the wrath of my madness Cost of living getting higher
'Cause them to rhyme our way
Queen Latifah getting higher
'Cause her to rhyme our way Cost of living getting higher
'Cause them to rhyme our way
Queen Latifah getting higher
'Cause her to rhyme our way
