It's Not Over (Album Version)

Days Away

Maybe, it's not over
I'm not scared to know
Oh maybe
I'm not the first in your agenda
But all this waiting killsYou're not taking the life of your friend
But your always shaking and making me crazyOh!
You won't, you won't
Figure it out
So we can find a reason here
To look the other way
Oh, I'm gonna say
It is always on my mind
Can't find a reason though
To look the other wayOh maybe
You weren't ever really here
But you made it crystal
Crystal clear
Oh maybe
You should tell me what you think of me
'Cause all this guessing killsYou're not starting this over again
'Cause I can't take it
Now we're both in troubleOh!
You won't, you won't
Figure it out
So we can find a reason here
To look the other way
Oh, I'm gonna say
It is always on my mind
Can't find a reason though
To look the other way
To look the other wayWhen it all goes down
Watch yourselves
When you hit the ground
Because you're almost falling over nowOh!
You won't, you won't
Figure it out
So we can find a reason here
To look the other way
Oh, I'm gonna say

It is always on my mind
Can't find a reason though
To look the other wayMaybe
It's not over
I'm not scared to knowOh maybe
You weren't ever really here
To make it crystal
Crystal clear
