What's Up With That?

The Dictators

You stagger home at 3 AM
Yeah, you said you're out drinkin' with the girls againWhat's up with that?
Wooh
What's up with that?What's up with that?
Wooh
What's up with that?You treat me like a worn out toy
But when I get paid, I'm your lover boyWhat's up with that?
Wooh
What's up with that?What's up with that?
Wooh
What's up with that?You're out of work again
Like all your your loudmouth friends
What can a poor boy do with you?You're always yappin' on the telephone
You're always honkin' on the saxophoneWhat's up with that?
Wooh
What's up with that?What's up with that?
Wooh
What's up with that?Wooh
What's up with that?
Wooh
What's up with that?Wooh
What's up with that?
Wooh
What's up with that?Wooh
What's up with that?
Wooh
What's up with that?Wooh
What's up with that?
Wooh
What's up with that?
