

# The Chosen Few

## Blynd

For the first time in my life  
I've seen the fire within your eyes  
My mind, it screams for shelter now  
I know I've got to resist some how  
My religion, my certain death  
My salvation, my sacrilege  
My inner sanctum, my prophecy  
You've become everything and more to me  
So our souls will be one  
A new era has begun  
Fantasies will come true  
Not only for the chosen few  
For freedom is a two edged sword  
And life is only a gift for gods  
Straight from the heart of the serpent's kiss  
To see something as it really is  
My precious kingdom, my empire  
My tragedy and my desire  
My life's blood, my shining light  
Feels like I am finally alive  
So our souls will be one  
A new era has begun  
Fantasies will come true  
Not only for the chosen few  
My religion, my certain death  
My salvation, my sacrilege  
My inner sanctum, my prophecy  
You've become everything and more to me  
So our souls will be one  
A new era has begun  
Fantasies will come true  
Not only for the chosen few  
So our souls will be one  
A new era has begun  
Fantasies will come true  
Not only for the chosen few  
So our souls will be one  
A new era has begun  
Fantasies will come true  
Not only for the chosen few
