Pig Will Not

Pj Harvey

I...
I will
I will not
I will not
No, I will not
How dare you, says the angel
He crashes down from the heights
Shakes the disbeliever
Shakes the disbelievers head
Shakes him harder
Instructing you well....

Hear me, do you hear the law?
All that rubbish inside your rotting mind
I am your guardian, I am your fairy
Get out of my way or...
Such lovers, this is true love
This is true love that we are doing now
Even everywhere that I was before, all broken
Your face all mashed up
I will not
I will not
I will not
I will not..
