

Here and Now (Live 2014)

Del Amitri

Hey I'm with you, let me just get you a light
And if we'd thought to listen
We might have checked if the weather was right.
And I don't mind if you want to drive all day. Hey, it's raining, I should have brought my coat
And sometimes I could sell my soul
Just to sit and watch you smoke.
And I don't mind if you want to break my heart. 'Cause you can burn paper.
You can turn a wheel
But you can't change later
Here and now just how good we can feel. Hey, stop talking, think I can hear the sea.
And did I tell you the sound of the surf
Makes strange things happen to me
And I don't mind if you want to crash the car. 'Cause you can turn traitor
You can turn on your heels
But you can't change later,
Here and now just how good we can feel. And hey don't worry, so that black cat's some kind of curse
'Cause if bad times are coming up ahead,
Just put us in reverse. I don't want to waste time, thinking 'bout it here and now babe
Nothing else matters but what we've got here and now babe
