AFTERMATH (Prod. WNDRBRD)

sZa

I apologize for waiting to tell you for so long
I am not human
I am made of bacon
Fairy tales, pixie dust, I don't feel
I hung myself, I didn't die, I'm omnipotent
I'm alive, not real, I'm aliveYou leave me careless
I like it
I like itCaught up in the blast, caught up in the action
Caught up in a bursting flame
There's comfort in dying
Comfort in burningMaybe we should burn
Maybe we should burn
Maybe we should burn
Maybe we should burn
BurnDoubt I'll ever be anyone's baby
Living as a unicorn, it gets so lonely
I have no answers, I have no questions
Stuck in your tandem
Heat that's worth standing
I like itCaught up in the blast, caught up in the action
Caught up in a bursting flame
There's comfort in dying
Comfort in burningMaybe we should burn
Maybe we should burn
Maybe we should burn
Maybe we should burn
BurnI can feel the accidents happening slowly
Falling for the rapture ever so boldly
I will go willingly
You don't have to kidnap, I'd like to be kidnappedYou leave me careless
I like it
I like itMaybe we should burn
Maybe we should burn
Maybe we should burn
Maybe we should burn
BurnI doubt I'll ever be anyone's baby
